

# Multi-Point Lock Comparison

Manufacturer	Therma-Tru®	W&F Trilennium			Tru-Lock®
<b>Used With</b>	Therma-Tru. & Wood doors when shoot bolts are specified. Hoppe is the only shoot bolt MPL we stock.	Wood doors			Wood doors
<b>Type</b>	Tongue and Shootbolt (3 points of contact) Tongue for single, shoot bolts for double	3000 - Stock - 3 tongue/bolt combo	Magnum Flush Bolts - for passive panel	3020 - Special order - Head and foot bolts for passive panel	Tongue (2 points of contact)
<b>Sizes</b>	Base (6/8) and extensions for 7/0 and 8/0.	6/8, 7/0, 8/0, 9/0, 10/0	9" and 18"	Made to exact height	6/8, 7/0, 8/0
<b>Cut Downs</b>	Limited to 2-1/2"	Mechanism does not go the length of the door. No issue with cutdown.			Not affected by cut down sizes.
<b>Door Depth</b>	1-3/4"	1-3/4" & 2-1/4"			1-3/4"
<b>Operation</b>	Handle lever down retracts the latch to open door. Handle lever up engages the additional 2 contacts. (tongues or shoot bolts)	Handle lever down retracts the latch to open door. Handle lever up engages all three bolts.	Machined into door or astragal. Has (2) 1-1/4" oval bores to operate flush bolt.	Thumbturn engages the shoot bolts. Levers are fixed	Multi-Point operates in place of a deadbolt. Key and thumbturn operate flip bolts that lock into slotted strikes in the jamb.
<b>Finishes</b>	Main face mechanism is Stainless Steel. 7 trim finishes (all in stock)	Trim available in 4 finishes (all but black in stock). Locking Mechanisms available in 3 finishes.	Mechanism and strikes 9" - 3 finishes 18" - 3 finishes		
<b>Handlesets</b>	10 - 5 styles in both wide and narrow versions	5 eschutcheon designs with multiple lever options plus a Grip handleset. Reeb® stocks the Eclipse entry set and the Grip handleset with Eclipse lever interior. Of the 5 W&F trims, 4 are wide and 1 narrow. Grip is wide.		Matching inactive trims	
<b>Advantages</b>		Matching finish for trim, face plate and strikes. Available up to 10' with custom sizes available. Optional trims available from Emtek® and Rocky Mountain hardware. Emtek trims are narrow, Rocky Mountain are wide.			Inexpensive. Uses standard deadbolt hardware. Options to use Schlage and Baldwin handle sets. Excellent after market MPL solution.
<b>Negatives</b>		Need wood astragal on double doors due to strike preparation.			Large slotted strikes in jamb. No shootbolts.
<b>Notes</b>	Other manufacturers make Hoppe compatible trims (handlesets and escutchens) Baldwin® and Emtek
