Lead times may vary. See inside for lead time information.

Please visit thermatru.com/dealer for a digital copy of this brochure.

Distributors: Please contact your dedicated Customer Account Representative to order the items shown in this brochure.

Dealers: If you are interested in any of the items shown in this brochure, please contact a Therma-Tru distributor in your area to place an order.

Tools for showroom success: See it. Feel it. Sell it.

Digital tools and devices are playing an increasingly prominent role in a customer's purchase decision. Today's consumers do their research – they are equipped with extensive product information before they ever step foot in a showroom.

In this brochure, Therma-Tru will guide you through selecting the most impactful showroom tools for your business.

Display Terms: Pricing on any items listed in this brochure are subject to change without notice. Freight is an additional cost and varies dependent on order and ship-to location. Displays must be shipped with full trucks direct to distributor.

Create your showroom experience.

A solid partnership is all about support. Let us help you customize your Therma-Tru® showroom experience to best suit the needs of your business. Depending on the size of your showroom, choose at least one merchandising aid from each of our key categories – Glass Design, Door Selections, Door System Components and Finish Options – to help easily guide your customers through the process of selecting a new Therma-Tru door system.

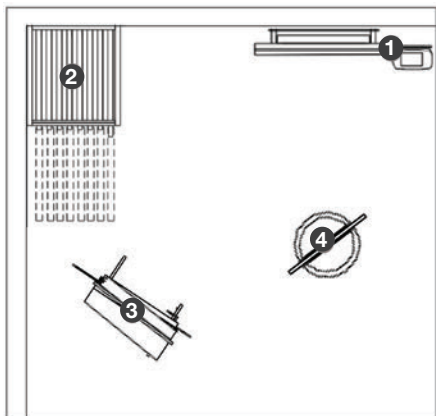

Most of your customers may be making their first entry door purchase. These questions are a good place to start when helping them choose from our portfolio of door system products:

- What is the size and configuration of the doorway?
- Where is the door located on the home? (front entry, side entry, house-to-garage, patio, etc.)
- What is the architectural style of the home?
- Does the homeowner want to stain or paint the door?
- How much light or privacy is desired?
- Do any application-specific building codes apply?

Sample Showroom Layouts

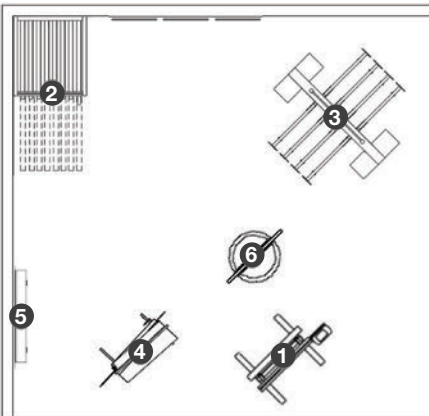

View the brochure for our complete selection of merchandising aids, literature and tools to create a custom showroom experience.

Glass Design

Complement any Therma-Tru® door with a variety of glass shapes and designs. Display the beauty and durability of Therma-Tru decorative and specialty glass in your showroom.

Interactive Glass Display 2.0

Interactive Glass Display 2.0

Commercial-grade 50" LED television mounted in a Classic Craft. Mahogany Grain 1/2-lite 2-panel door finished in PrismaGuard® Barley stain. Includes:

- Commercial-grade tablet.
- HDMI cord.
- Header and side panel graphics.
- Wall mount hardware.

The durable commercial-grade tablet features a simple interface and attaches directly to the articulating arm – no enclosure required. Swipe the tablet to explore glass designs, coming options, privacy ratings, glass shapes, architectural home styles and available door collections.

Integrated settings menu allows customization of:

- Glass design assortment shown.
- Image transition timing, infinity mode timeout and screen positioning.
- Email functionality (on / off toggle).**
